FORMATEC[®]
Tecnologia a Serviço do Concreto

Com o início de suas atividades em 2014, e uma equipe de profissionais altamente capacitados, a FORMATEC atua no segmento da Construção Civil possuindo duas unidades fabris.

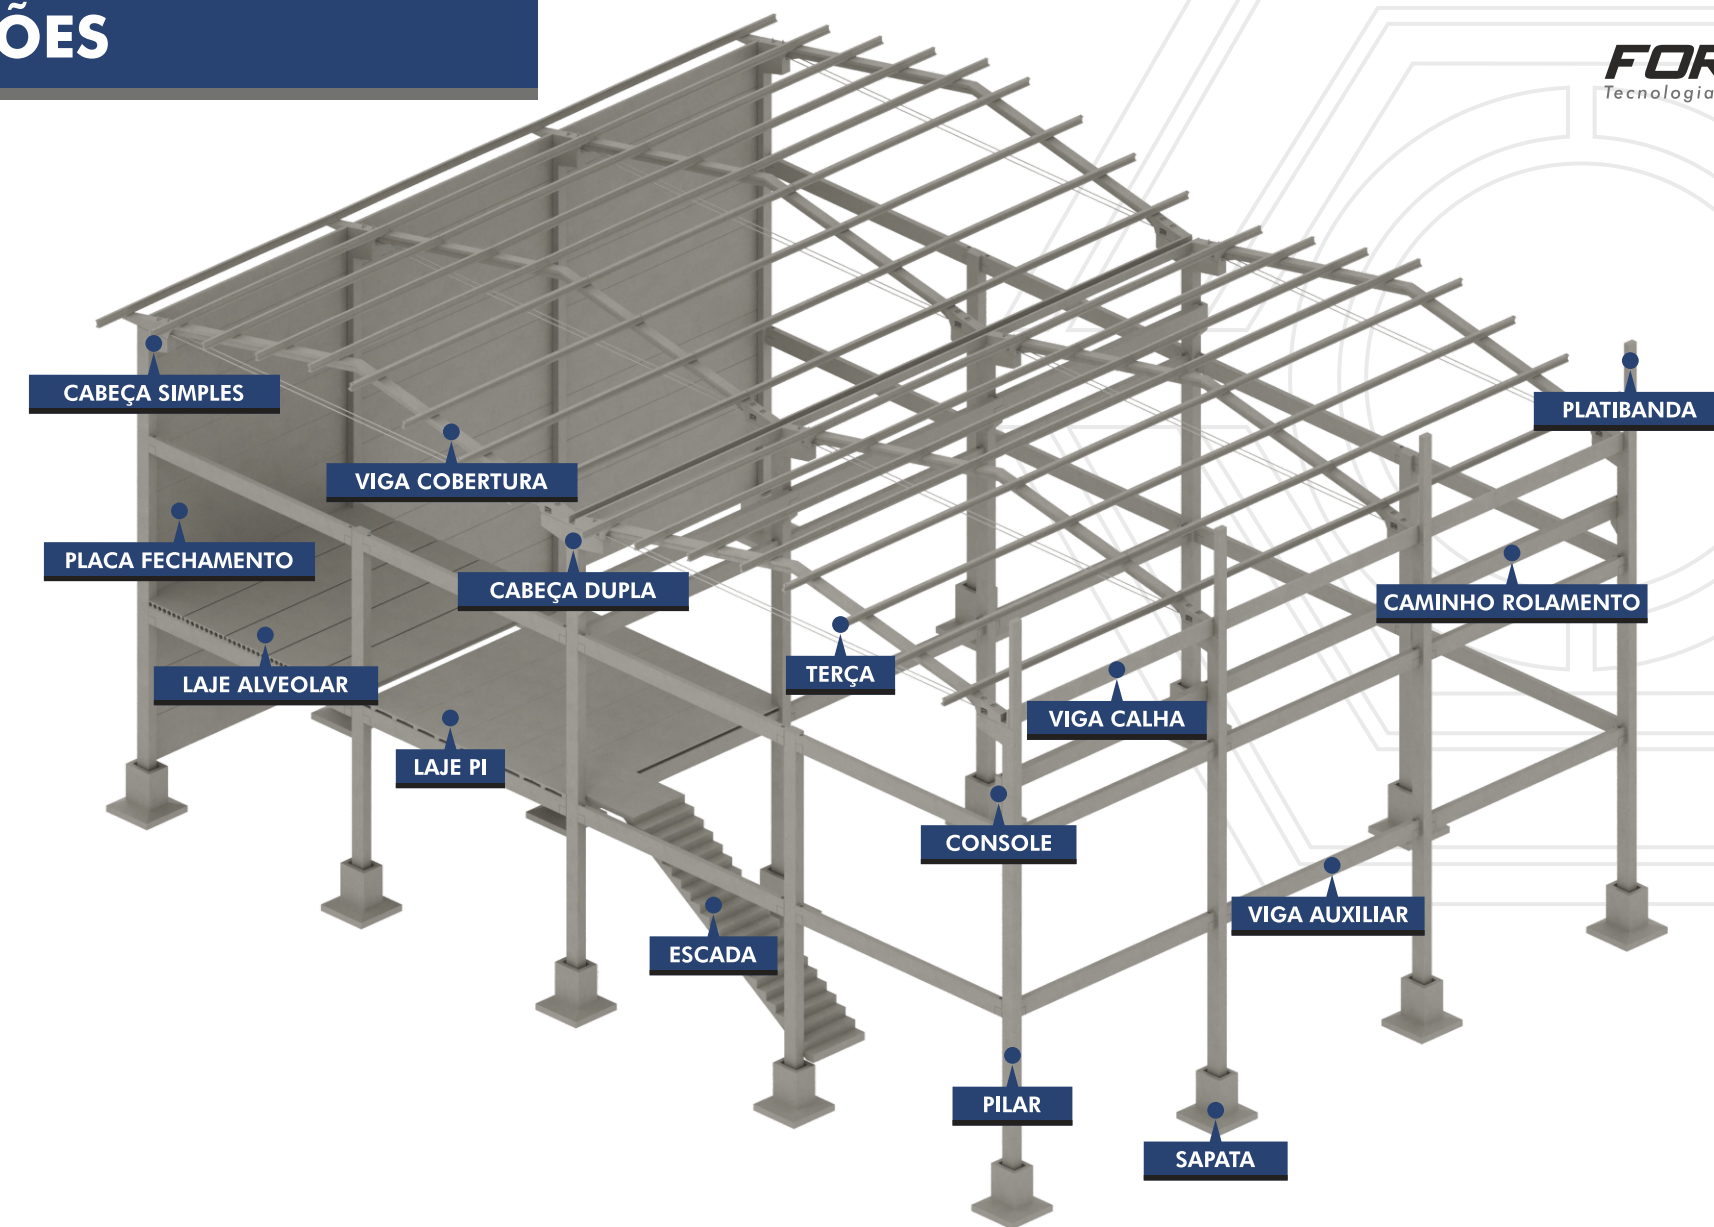

Em sua matriz na cidade de Corupá/SC, em uma área de 4.000m² produz Formas Metálicas para diversas aplicações. Na unidade da cidade de Schroeder/SC, em uma área de 4.800m² são produzidas Máquinas e Sistemas Construtivos, atendendo Clientes em todo o território nacional e diversos países da América do Sul e Europa.

Destaca-se por oferecer soluções personalizadas e inovadoras para melhor atender os Clientes, desde o desenvolvimento de projetos, montagem e instalação dos produtos, proporcionando qualidade e produtividade.

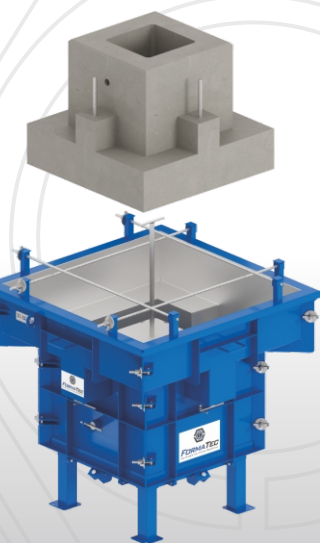

FORMATEC, Tecnologia a serviço do Concreto.
